

## To Admiral Dewey.

Dear George, I feel embarrassed  
To address you as I do  
In this quite familiar fashion,  
And in the paper too;  
And on sober contemplation  
I conclude that I may rue it,  
So I've smothered my ambition  
And concluded not to Dewey.

## THE GOLDEN COCHITI.

Albemarle Mill Nearly Completed—Part of  
Machinery in Operation—Lone Star Mill  
Running—Enormous Expenditure  
of Money.

Mr. and Mrs. A. B. Renahan, who  
spent six weeks at the Jemez and Sulphur  
springs, returning recently, on their way home  
stopped at Bland where they were the guests of  
Messrs. Coram & Posey, of the Cochiti Mining  
Company at the Albermarle mine for a while.  
Mr. Renahan says that New Mexico  
does not realize what has been done by the  
company at Cochiti, and that a mere glance  
will prove a revelation.

The mill is entirely a steel structure  
and fire proof, with a present capacity  
for treating 200 tons of ore per day, and  
is so built that the capacity can be  
doubled or trebled at comparatively  
small cost. As a matter of fact plans  
are now making to increase the output.

On July 28 one part of the machinery  
capable of crushing 100 tons of ore a  
day, was set in operation for the purpose  
of testing it, with altogether satisfactory  
results. Another part of the mill,  
having about the same capacity, will  
be started up about the 10th of this  
month. It will be surprising to most  
people to know that the Cochiti Mining  
Company has expended in and about its  
Cochiti mines nearly \$400,000 to date.  
Mr. Coram, the president, is one of the  
best known financiers of Boston, a copper  
magnate, a multi-millionaire, and holds  
official and directorial relations  
with mining and other corporations  
whose capitalization aggregates \$250,000,000. To Mr. P. Posey, general  
superintendent of the company, more  
than to any other factor, is due the  
introduction of Mr. Coram and his associates  
into New Mexico. He is a large  
owner in the celebrated Tom-Boy mine  
of Colorado, a mineralogical authority,  
and consequently can count his world's  
goods in seven figures.

These gentlemen are assured of the  
immediate success of their enterprise.  
Their success will mean the incoming  
of large capital to New Mexico, and to  
Cochiti especially, and will be powerful  
to remove the distrust which eastern  
moneyed men have had of New Mexico  
mines for investment for years past.

The Bland mill, owned and operated  
by the owners of the Lone Star mine, is  
on a paying basis and the enlargement  
of its capacity is under consideration.  
There seems to be no reason to doubt  
that before winter sets in the camp will  
have a custom mill. A custom mill is  
one of the pressing needs of the district,  
for upon it depends the general prosperity  
of Cochiti through the development  
of its mines.

In speaking of the Jemez and Sulphur  
Springs, Mr. Renahan said they were well  
patronized this year, especially by people  
from Bernalillo county, and that  
everyone he met there was highly  
pleased with the outlook for the prosperity  
of the territory the coming fall and  
winter.

Fresh vaccine points and tubes just  
received at Fischer's.

## Christening Ceremony.

Fred H. McBride, last evening, their  
little son, Fred Joseph McBride, was

were present to witness the christening,  
Rev. Geo. W. Knaebel, Mr. and Mrs.  
C. L. Bishop, Mrs. Berger, Mrs. Geo.  
W. Hickox, Mrs. Creighton, Miss  
Nellie Price and Mr. Roy Creighton.

dollar due the city. About \$70 have been  
collected so far this week.

The best and most complete reference  
book published for preparing forms of  
pleading is Pattison's Missouri Form

See the dolls at Seligman's, and Spitz.  
Aren't they beautiful? The chances are  
only 15 cents. As soon as they are sold  
there will be a sale of home made eat-  
ables in connection with the drawing.

The Santa Fe Fruit Company has re-  
ceived two large paring machines, the  
first installment of the outfit for the

hibition at the Water Company's office.

While it displays a patriotic disposi-  
tion to pay \$1.25 for a dog tax, it also  
makes a man violate the second com-  
mandment, when upon getting up in the  
morning he finds the dog tax attached to  
a poisoned dog.

Yesterday the thermometer at the  
local weather bureau registered as fol-  
lows: Maximum temperature, 73 de-  
grees at 6:00 p. m.; minimum 52 de-

the 24 hours was 62 degrees.

Tomorrow will be Indian feast day at  
Santa Clara. The washouts on the D. &  
R. G. road will be repaired by this  
evening and everything in shape for the  
excursion to run to the Indian village as  
advertised. The train will leave this  
city at 10:10 in the morning; fare for the  
round trip, \$1.

The washout on the D. & R. G. road  
near Espanola has been under process  
of reconstruction since yesterday morn-  
ing by a large force of men, and the  
men on the train which went north this  
morning hope to get through today  
without mishap or delay. The train  
yesterday transferred all passengers and  
express and returned in the evening.

The excursion to Santa Clara tomor-  
row promises to be one of the most  
pleasant outings of the season. The  
rains have laid the dust, the air is de-  
lightfully cool and the Indians have  
been prepared to entertain visitors in an  
interesting manner. The train will leave  
the depot in this city at 10:10 in the  
morning. Fare for the round trip, \$1.
